WE, the undersigned Members of the Weston Board of Education, while not wishing to make any trade in connection with increasing the High School Grounds, or opening John Street, are prepared if once the High School Grounds are enlarged according to letter of Pote & Rogers, dated September 10th, 1925, to meet the Weston Town Council in a fair spirit of co-operation, in connection with the widening of John Street where it fronts the grounds of the Memorial School.

Signed.

WE, the undersigned Members of the Weston Board of Education, are prepared to endorse the granting of a 33 foot strip of land, necessary to give full width to John Street, on the following conditions:-

(1) That the side walk which might be laid along the school grounds shall continue on the same line as the present side walk, on the north side of John Street, (which would take in about a twenty foot strip along the south side of the school grounds).

(2) The remaining 13 feet to be left the same as the school grounds along King Street, so that the pupils in Memorial School would be able to use this strip for play ground if necessary.

(3) That in lieu of this strip of 33 feet, the Weston Town Council will secure for the Board of Education an approximate equal space of ground opposite the school on John Street.

(4) That the agreement to sell by Pote & Rogers in their letter of September 10th, be immediately closed, so that the High School ground may secure the additional land at the price quoted in letter of the 10th instant, namely \$5,500.00.

Signed.
